## ABOUT US

*ANAR OTOMOTİV was established in 1977 , today produces high quality products with modern machinery and equipments to the whole world and different type of industries.*

*Based on the requirements of the ISO 9001 and IATF 16949 Quality Management System standards, our company has created a quality management system that is tailored to its own structure and focused on the continuity of continuous improvement to ensure continuity and effectiveness.*

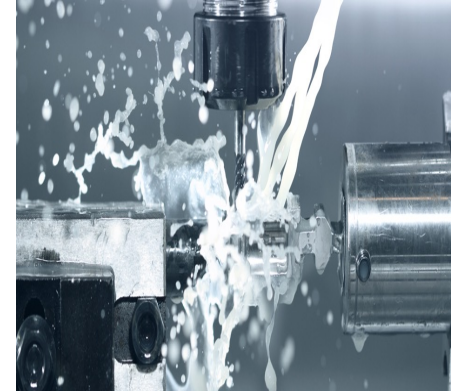

*It has been successful by entering the necessary quality certification audits every year and has been certificated by "Tüv Nord" company and added ISO 9001: 2015 and IATF 16949: 2016 certificates*

*The fixtures are made by ourselves , this situation increases our speed of transition to serial production , which is our big advantage over our competitors.*

## *Areas of Activity*

- Automotive Industry,
- Machine Industry,
- Railway Industry,
- Heavy Earth Machines,
- Hydraulics,

## Production Methods & Capabilities in Anar ;

Machining Operations  
with Turning Machines &  
Machining Centers

Broaching

Balancing

Furnace Operations  
( we can handle heating  
up or cooling down the  
nating parts.)

Deburring Operations with ;  
High Pressure Washing Centres,  
Low Pressure Washing Centres,  
Electrochemical Washing  
Machine(ECM)

## *Production Materials which we can use and machine;*

Gray Cast  
Iron

Nodular  
Cast Iron

Forged Steel  
& Cast Steel

Aluminium  
Casting

Stainless  
Steel

## **Machinable Dimensions.      &      Assignable Weights**

---

### **Turning Machines ;**

- Minimum Diameter: 100mm
- Maximum Diameter: 550mm
- Minimum Weights: 2 KG
- Maximum Weights: 500 KG

### **Machining Centers ;**

Minimum Diameter : 80mm

Maximum Diameter : 750mm

Minimum Weights : 2 KG

Maximum Weights : 600 KG

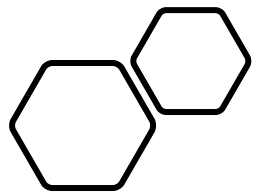

# Automotive Industry Main Product Ranges;

- Pump Body,
- Pump Cover,
- Compressor Head & Drums
- Compressor Housing,
- Engine Crank Pulleys & Rings,
- Steering Rod Carrier,
- Pistons,
- Cranking Motor Heads,
- Roll bar Heads,
- Cabin Torsiyon Flanges,
- Crankshaftpulley Flanges,
- Slip-ring Brackets,
- Compressor Pistons,
- Brake Discs,
- Drumbrake,

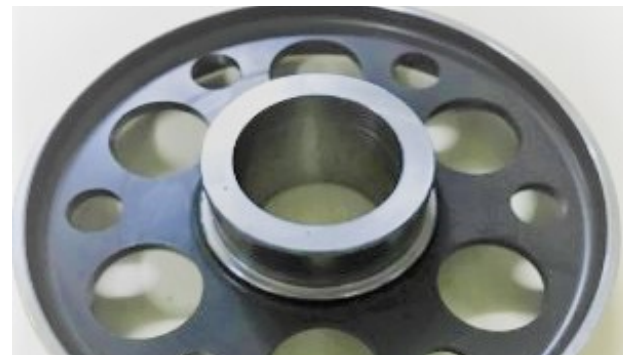

*Some Photographs from Our  
Production Parts which we  
export them to abroad...*

# Engine Crank Pulley

- Customer : Vibracoustic Gmbh / Cz Republic (Parts for Daimler)
- Production Quantity : 100.000 Pcs. / Year / Product
- Material : GGG40 – GG25

## Power Steering Pump

Customer : Delphi Automotive  
France & U.S.A

Production Quantity : 300.000  
Pcs. / Year

Material : Aluminium

---

## Air Conditioning Pump Housing

Customer : Delphi Automotive & Valeo  
Systems France

Production Quantity : 600.000  
pcs./year

Material : Aluminium

---

Customer : Delphi Calsonic  
Hungary

Production Quantity : 150.000  
Pcs. / Year

Material : Aluminium

---

## Filter Cap

Customer :Hydac Filtertechnik

Production Quantity : 30.000  
Pcs. / Year

Material : Aluminium

---
